

Rules for the Boone Police Vehicle Design Contest 2022

Calling Boone artists! How would you like to see your very own unique design featured on some of our police vehicles? From now until September 9th, we will be accepting designs from any interested community-centered individual (i.e work, shop, do life in Boone) interested in having their design displayed on our police vehicles. Here are some general rules/guidelines for the contest:

- The design will be featured on black vehicles. Please make sure that the colors chosen will pop (while also fitting with the 'Boone vibe')!
- You can make the design as simple or fancy as you like.
 - No design will appear on the windows, windshield, or back window, so please create accordingly.
- The design should have no additional words of any sort.
- No political statements or symbols will be allowed.
- While we love App State, and the value they bring to Boone, we will not be using App State insignia, reference, etc.
- Both sides of the vehicle will be identical.
- The current wording and Boone PD badge will be in the same spot, so look at the "badge template" here to see where they will land on your design. That said, you can submit your design on the "blank templates" linked [here](#).
- The Boone Police Department will have sole discretion on deciding on which, or if, a submitted design is chosen.
- The person submitting the design must be a community-centered individual of Boone.
- No age requirement!
- Last day to submit designs is September 9th.

Those interested in participating can download the templates [here](#) and then submit via Google Form (linked [here](#)) the templates showing their design. In order to be considered, you MUST completely fill out the Google Form.

As this is a public contest, we will be announcing the winner's name on our website and social media pages after the vehicle has been outfitted with the design in the coming months. The winner will be contacted prior to the public announcement.

The Boone Community has such talented artists, and we look forward to seeing what your creative minds come up with!
