ADOPTION OF ORDINANCE - INITIATE CIVIL ACTION AGAINST ADR CAPITAL MANAGEMENT INC.

Attorney Joe Delk, representing ADR Capital Management Inc., appeared before the Council to inform it that some changes had been made to rectify the situation regarding the stormwater issues on the property located between Highway 321 and Faculty Street. He stated that the work on the stormwater system is almost finished; however, the applicant has had some engineering issues that had to be addressed as required by the Planning Department. In regard to the blighted property, the Scottish Inn, fencing has been erected around the property. Town Attorney Sam Furgiuele advised that the Council might table the matter so that the issue of fines can be addressed once the work is completed. He stated that the ordinance contained in the packet must be modified if it is still necessary to continue with legal action. Mr. Furgiuele explained that the Council could allow the Planning Staff to quantify the fines, inform the property owner of the amount and allow for an opportunity for the property owner to pay the fines. Upon a motion by Council member Ball, seconded by Council member Brantz, Council moved to table action on the matter until the October regular meeting.

ONGOING DISCUSSION - TABLE OF PERMISSIBLE USES

Planning Director Bill Bailey informed the Council that there were no items for discussion at this time. He explained that the Planning Commission was unable to discuss any of the issues related to the Table of Permissible Uses due to lengthy discussion of zoning amendments. It was the consensus of the Council that Council members Phillips and Brantz will attend the next Planning Commission meeting for the continued discussion of the Table of Permissible Uses.

ADOPTION OF ZONING MAP AMENDMENTS

Case 20110120 Orchard at Park Street - Hackett Properties has filed a Zoning Map Amendment Petition for Conditional District Zoning for property located at 232 Park Street (2901-71-1410-000.) The request is to rezone the property of 20.457 acres from R-4 Two Family/Mobile Home District to Conditional District R-3 Multiple Family for a site specific development plan for a multi-family development (use 1.330) containing 48 townhomes with 144 bedrooms within 4 buildings. In addition, the proposed development triggers the requirements for Transitional Zones in accordance with Town of Boone Unified Development Ordinance Section 198. Planner Jane Shook informed the Council that the Planning Commission was unable to make a recommendation regarding the request and that pursuant to UDO Section 383(a), the Council must wait 30 days to consider the request. Upon a motion by Council member Mason, seconded by Council member Brantz, Council moved to table the request until the September regular meeting.

Case 20110354 Helen Yount Estate Zoning - The Town of Boone has initiated a Zoning Map amendment to zone property currently in Watauga County's jurisdiction owned by the Helen Yount Estate in conjunction with the voluntary annexation of said property (Watauga County PINs 2900-91-4847-000 and 2900-92-5257-000) located off Temple Drive. The parcels currently contain portions located within the Town of Boone's corporate limits and are zoned R-3 Multi-Family. The southern portion of parcel 2900-91-4847-000 is located within the Town of Boone Extraterritorial Jurisdiction and is zoned R-A Residential/Agriculture and WS-II Watershed Areas Critical Area (WS-II-CA.) Both parcels have portions located within the Viewshed. Staff has recommended that Council consider the following zoning districts for this case: Viewshed, WS-II-CA, R-3 Multi-Family and R-A Residential/Agriculture. Planner Jane Shook noted that the Planning Commission has recommended approval with the following recommendations:

- The proposal conforms to the existing zoning of the neighboring properties.

- That un-zoned property is to be zoned R-3 and R-A with the split occurring as if the southern property line of the smaller tract were to be extended to the western property line of the larger tract with the R-3 area being north of the line and the R-A being south of the line.
- A portion of the smaller tract be zoned R-3 and the viewshed be extended for both properties in conformance with the requirements in UDO Section 160.

DIRECTION REGARDING OVERLAY DISTRICTS

Planning Director Bill Bailey appeared before the Council to request clarification regarding potential overlay districts. He presented the following list of issues for clarification:

1. Front setbacks along corridors - Setbacks for other uses. **It was the consensus that flexibility regarding an increase in front setbacks can be exercised when other such uses as café seating or additional greenspace are being proposed.**
2. Height limits: Mixed-use allows taller structure; higher equals step back (as for residential?)
It was the consensus of Council to wait until some examples of the differing height restrictions can be considered; however, it was the firm consensus of the Council that it is important to maintain community character and not overshadow residential areas.
3. Building footprint versus Floor Area Ratio (FAR)? **It was consensus of the Council to direct the Planning Staff to investigate more about the Floor Area Ratio standards.**
4. Density/Intensity - Residential uses allow accessory apartments? **It was the consensus of the Council to consider the issue very carefully and to develop stringent safeguards in order to protect the integrity of single-family neighborhoods.**

Mr. Bailey informed the Council that Planning Staff will be studying the following issues as well: landscaping/trees, open space, sidewalks, cluster developments and design criteria.

Town Attorney Sam Furgiuele advised that the Council has already taken action on adopting a month-to-month lease and contract and that the Council must rescind the previous action on the contract and lease. He stated that the documents as presented in the packet and from the Arts Council are not satisfactory in his opinion. Council member Brantz raised a concern about the legality of transferring funds so that the Arts Council can meet its contractual obligations. Mr. Furgiuele pointed out that the previous action of the Council was to continue the contract and lease on a month-to-month basis with the current terms along with a couple of modifications. He advised that the Council could approve an amendment or addendum to the current contract outlining the modified terms and could grant authority to the Town Manager or the Mayor to execute the agreement. Council member Leigh asked about the status of the relocation of the copier at the Jones House. Council member Brantz stated that the Watauga Arts Council Board and the Jones House Advisory Board have unanimously voted to locate the copier in the Serendipity gallery. After lengthy discussion, Town Manager Greg Young stated that he will investigate the option of relocating the copier to the parlor room. DISCUSSION OF RECENTLY ADOPTED CODE AMENDMENT - NOISE ORDINANCE

Town Attorney Sam Furgiuele said the recent redraft of the noise ordinance was made to eliminate confusion for the Police Department. Mr. Furgiuele reviewed in detail the new features of the ordinance and stated that as before the noise ordinance is complaint driven. Mr. Furgiuele explained the new provision regarding live music and said that a permit can now be

obtained to conduct live music outdoors until 10 p.m. and indoors until 2:00 a.m. Mr. Furgiuele also explained in detail the permit and the fines associated with violations and said that revocation of the permit is the ultimate penalty, but that an appeals process will be in place for any permit revocations. Police Chief Dana Crawford felt that the new noise ordinance protects businesses from frivolous complaints. Council member Ball asked if the noise permit application is now available. Mr. Crawford said yes that the form has been available to the public for about two weeks. The Mayor then opened the floor for public comment. Bill Close of High Country Entertainment Events said he leases the old fairgrounds property and asked if the noise ordinance will be enforced in that area. Town Attorney Furgiuele said the noise ordinance is not enforceable in the ETJ.

Stephen Sinanian of the Boone Saloon felt that Section 93.05 d.4. was too subjective and vulnerable to abuses. Mr. Sinanian felt that commercial businesses should be exempt from the noise ordinance.

Liz Aycock of Boone felt that it was unreasonable to require a permit and that businesses should be excluded from the noise ordinance.

Mark Dixon of Galileo's said that businesses need to know what the Boone Police is considering as reasonable. Mr. Dixon also asked if Galileo's would be able to get a permit since it has received previous complaints. Town Attorney Sam Furgiuele answered yes.

Scott Willifred of Boone felt it was unreasonable for a police officer to disturb a live show.

Jesse Kellogg of Boone felt that businesses and Town Council should work together and suggested having special meetings to discuss the Town's noise ordinance.

Glen Buchard of Boone said many people here enjoy music and questioned if a non-profit agency could obtain a noise permit for ASU property. Police Chief Dana Crawford clarified that Town of Boone Police Department enforces all Town of Boone ordinances on ASU property.

Daniel Sullivan of 221 Orchard Street commented that he sleeps with his windows open and that he does not hear bands playing on King Street.

Madison Smith of Grand Blvd commented that she sleeps with her windows open and that she supports all the downtown music businesses.

Samantha Alexander, owner of Boone Taxi, commented that regulating the music will hinder many other businesses such as Boone Taxi.

David Johnson of Tarleton Circle asked, "What is reasonable?"

Hayden Johnson of Boone said he was in a band that was born and bred here in Boone and that he would like a resolution that provided peace.

Parker Stephens of Queen Street said he enjoys the live music and that these businesses provide economic opportunities to ASU students.

Jeremiah Brown of Zionville said the downtown business should be excluded as Boone is a music town.
